

# Lincoln Park Improvements

60 responses

Of the park improvements discussed at the public meeting, which are your highest priorities? Select 4.

60 responses

## What should happen to the Tennis Court?

60 responses

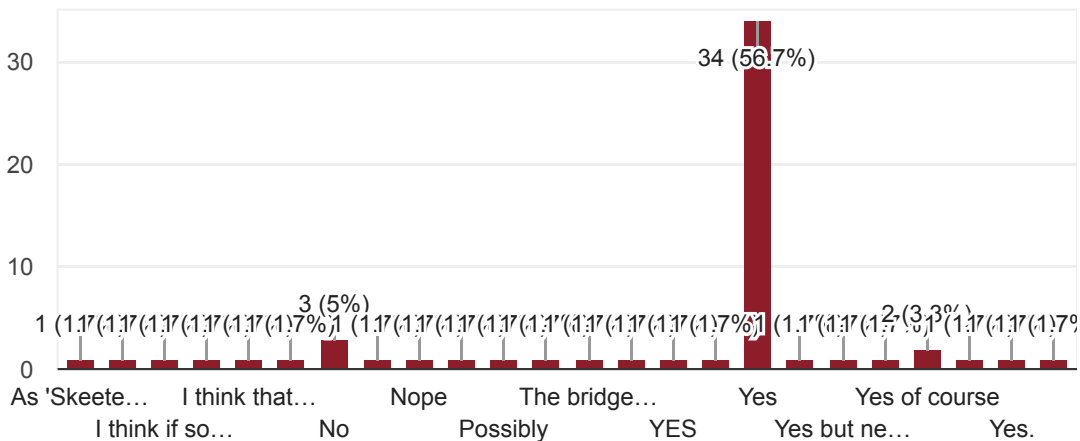

### What should happen to the Walking Bridge?

60 responses

### Is the historic nature of the park important?

60 responses

Although the overall cost to improve the park is not known at this time, it is anticipated that grant funding will be pursued to help fund it. Having said that, most grants require local funds, donations, and/or volunteer labor as well.

### Do you support the City Council allocating funding towards improving the park?

# park:

60 responses

## How much would you be willing to donate towards improving the park?

60 responses

\$25 (14)

\$100 (9)

Depends on what its used for (2)

100.00 (2)

Not sure (2)

\$100.00 (2)

50.00 (2)

0 (2)

\$150

To be determined

Would depend on if I support the improvements.

Depends on my available funds

Unknown

Unsure

\$50

\$50-\$100

Depends on need. Labor.

20-50 and time

\$150.00-\$400.00

\$10/month on City bill

Can't afford to. :(

\$50?

Up to \$100

Volunteer labor only

\$50

50

Depends on improvement plan

Labor

100

\$250

20

75.00

give residents an option to donate \$ on their city utility bills

## Would you be willing to donate your time and labor to help improve the park? If so, how many hours?

53 responses

Absolutely (12)

Yes (5)

No (5)

Yes, varies (3)

Possibly (2)

Yes as needed (2)

Maybe (2)

yes, a couple Saturdays or Sundays

As many as it takes

15

6-8 per week

Yes, however many it takes to get done

Unsure

Possibly depending on when

Yes, I would be willing to work 10-20 hours.

10-20 hours

5hrs

Yes. 20-30 hours

Yes...a couple

Yes, toward planning hours, as needed

Yes I can give some hours. Some evenings or some Saturdays.

Not sure how handy I would be but would be willing to pitch in where I could

Yes. 40

Yes, depending on projects chosen, as many as I'm able to

YES!!

Yes. 2-3 hrs/ wk

Yes, 20

20 hours

yes - 1 full day vs. an ongoing project

**Would you be willing to donate materials or supplies towards improving the park? If so, what kind of materials and supplies could you donate?**

38 responses

No (13)

Unknown (12)

If I have any I would (2)

I wouldn't have anything to donate

Landscape material

Unknown

No

Not financially able to do at this time.

Don't know that I have access to any supplies or materials that would be helpful.

Yes

none available

Maybe

none

don't know

## Do you have any final thoughts about park improvements in Lincoln?

60 responses

No (21)

I think there could be equipment upgrades, so it offers more fun to kids of different ages. Compare it to other parks, and all that they have to offer. I think it would help encourage families to spend more time in the community if it had more to offer! (3)

Just really want to see a walking trail and improved lighting (2)

Look at Tiptons equipment very nice (2)

The bones of our park is great. It could definitely be improved upon. The walking bridge. Do more with the scout cabin. There are a couple small 1 sided rock buildings. I never see anyone using them. If the closed side was opened up, it would create better air movement and a place for parents to keep an eye on their kids easier. More bench seating around the main playground area...seating similar to Del Vignery's bench. It stays clean! Better variety of swings. I've used the park more in the last 3 years due to our child. When I've been there, I've seen the tennis court used more than I thought it would be used.

The shelter could also use some updating. The tables are in need of TLC as well as the overall structure could use some sprucing up.

Recent comments from BAK participants indicated we have a beautiful park. Any improvements need to be affordable. Lincoln's tax base is pretty small to fund much without a sizable grant.

It's overdo

Not at this time

I would like to see something more accommodating for families with young children.

Some of the above mentioned would be great!

Think about the younger kids having a place to go but also the older kids 10-16 activities like basketball, skateboard park, RC car track.

Any improvements would be great!!

I think that the City Park could make a great public image for the community and county if it were to be updated; especially if the pool were to be updated with newer equipment. I believe it would bring more people into the community and county; which leads to other local businesses making money.

The pool needs updating. A sidewalk to the high school would be used often by students.

Sterling, KS would be a great place to visit to generate ideas for an ideal set-up.

I believe removing and building a new bridge should be the highest priority!

I really feel that a dog park would be beneficial and would maybe cut down the amount of dogs running at large if owners had a place to exercise their dogs.

Let's do this!

It could be a good park if everyone pitches in to fix it up and make improvements to it.

Our park is great, but it could be better. I'm definitely in support of updates and improvements!

I think several improvements could be made with out much cost

Mosquito control, stagnant water control need to be addressed.

Resurfacing tennis courts, or installing a wood wall so you can go play alone

Every out of townner that drives by the park all say "You have a well kept park and lots of shade. Its a good park but needs a few improvements. Need to get the ball rolling....Start somewhere.

A splash pad would be awesome!

Pool improvement or renovation is needed

Better restroom facilities located within the park with showers. Another shelter or two for picnics/gatherings. Updated grills.

Maintain and repair what we have and expand on that

Safety first, if parents have any thought that their kid could get hurt on the playground or by the creek they will avoid the park.

no

Water fountain would be great

Wtaerpark

Walking trail would be top of my list

the park isn't just for kids - it's for all residents and visitors. The neighboring areas need to be cleaned up also (across Lincoln Ave - trashy fields and behind park on 1st street there's a lot of trashy looking buildings and junk).

We do not need a walking trail. If you want to take a walk, walk on the sidewalks or around the park.
